□ *Plenary Speaker Klaus Ring*

Klaus Ring will round off the plenary sessions on **Wednesday, 6 August** at 12.45 with a lecture entitled: "Are Internet and Print Products Interchangeable Reading Media?" The paper will deal with the cultural historical aspects of the development of media. However, it will also discuss the results of modern brain research and cognitive psychology that have brought about important insights into the topic of early learning as well as in language and reading competencies.

Klaus Ring lives in Frankfurt/Main. He has studied microbiology and biochemistry at various universities. After promotion and habilitation and various stays abroad, he became professor for microbiological chemistry. Between 1986 and 1994 he was the president of the Johann Wolfgang Goethe University in Frankfurt/Main and from 1988 to 1994 he was vice-president of the Rectors' Conference. From 1991 to 1994 he was a member of the Executive Board of the "Confederation of European Rectors' Conferences" at the European Union in Brussels. Since 1994 he has been Executive Director of the Foundation Reading (Stiftung Lesen).

□ **Welcome 100 German LIS Students Today!**

The IFLA 2003 National Organising Committee has made it possible for about 100 students of Library and Information Science to join us for an exciting afternoon in the ICC. They are coming from all over Germany (Cologne, Berlin, Hamburg, Hanover and Potsdam). They will meet Kay Raseroka and will stroll around at the Poster session and the exhibition. You may recognise them from their special name badge indicating their LIS School in Germany.

Give them a warm welcome and talk to them about your wonderful experience at the congress! Let's hope that this will become an IFLA tradition to invite our future generations – we need to get younger!

□ *Fairy Tales and much more of Grimm Brothers in the Roof Garden Foyer*

In addition to the storytelling session with Sabine Lutkat on **Friday, 8 August** from 10.00 - 11.15 in the Roof Garden Foyer, the IFLA 2003 team is happy to present a small exhibition and a slide presentation on the life and works of the Grimm Brothers.

On Friday, from 9.30 - 14.00, the Museum of the Brothers Grimm (Kassel, Central Germany) and the International Association of the Grimm Brothers present a small exhibition in the Roof Garden Foyer of the following contents:

1. Chronology of Life and Work
2. Hessian, German or European Fairy Tales
3. Between Popular Tradition and Art Form - The children- and Household Stories
4. The Foundation of Modern Germanic Philology
5. The Political Activities of the Brothers Grimm
6. European Philology

On Friday, at 12.00, Bernhard Lauer, the director of the Museum of the Grimm Brothers, will introduce the life and the works of the Brothers with special reference to the life and work in their last years in the Prussian capital Berlin.

During the exhibition, special information leaflets and posters are available.

The scholarly and the political contributions of Jacob and Wilhelm Grimm were not limited to Germanic languages, literatures and folk traditions. In contrast, they maintained professional and personal relationship to many important scholars, writers and artists of their time.

Particularly because they knew the history of their own people as thoroughly as they did their understanding of other cultures and traditions was sophisticated and open-minded.

Opening Session: K. G. Saur and Ranga Yogeshwar (grandson of Ranganathan)

Changes to congress time schedules or meeting rooms will be sent every day to each delegate as up-to-date information. Please check new messages in your personal mailbox everyday. □ **Libraries @ the Heart of the Information Society**

Under this title, IFLA in close collaboration with a group of librarians from Switzerland is organising a conference on 3-4 November 2003 in Geneva which is a pre-cursor to the World Summit on the Information Society (WSIS).

During this conference national delegates to the WSIS will be briefed about the key role that libraries have to play in providing access to information and knowledge.

The group of Swiss colleagues is, of course, here in Berlin. You can meet these colleagues in the vicinity of a poster of "Libraries @ the Heart ..." in the main entrance area to the ICC Conference building today.

Important

Please remember to check your electronic mail using your participant's badge at the Online Message Centre!

Otherwise you may miss people trying to contact you or important announcements!

Come to Buenos Aires next year! Get your information now!

During the Exhibition, all delegates are invited to visit the World Library and Information Congress 2004 Booth (C 11, Central Lobby), where they will be most welcome and will receive attractive information about the 2004 Conference to be held in Buenos Aires.

Abebooks.com/Textbooks provides academic bookbuyers with a broad selection of secondhand textbooks, reference books, literature and study guides. Abebooks invites all IFLA visitors to find out more about its 45 million titles from 42 countries and TEXTBOOK CENTRAL at Booth SB 17 A.

Meet Ross!

The IFLA Conference is a kaleidoscope of overlapping events; the exhibition, the Council, business meetings, conference papers, plenary sessions, workshops, poster sessions, cultural events, caucuses, receptions and, of course, opportunities for networking. Because I have so many inescapable meetings; the Governing Board and Professional Committee, meetings with dignitaries and future conference organisers and many others, it is difficult for me to attend the professional sessions and meet as many conference participants as I would like.

So I have scheduled the following time at the IFLA booth, C11 to meet you:
Wednesday, 6 August, 11.00 - 12.00.

Come along and discuss how IFLA can do better to represent libraries and their users on the world stage.

Come early and I'll sell you an IFLA Roadshow T-shirt!

[Ross Shimmon]

Workshops

During this conference several IFLA Sections offer workshops. Most are held on Thursday although some of them are also held at other days. Please look at the programme for details.

Workshops are either "on-site" in the International Congress Centre (ICC Berlin) or "off-site" (not in the ICC Berlin).

All off-site workshops required pre-registration.

Now that the conference has started it may still be possible to register for an off-site event, although this is not done centrally.

Please contact the IFLA Headquarters Secretariat (room 36), since they will have most of the location details for the off-site workshops. The only way to register for an off-site workshop during the conference is either directly with the organisers or at the start-time of the workshop. IFLA Headquarters will not be able to assist with pre-registration during the conference.

On-site workshops in the ICC Berlin are open to all delegates on a first-come, first-served basis without pre-registration. Seating is limited according to the size of the rooms, so please make sure you are in time for the meeting.

□ ***Strong Conference Participation of Francophone Countries***

Once again this year, the Comité Français de l'IFLA (CFI) and the Institut Francophone des Nouvelles Technologies de l'Information et de la Formation (INTIF) of the Agence Intergouvernementale de la Francophonie (AIF) have offered fellowships to 50 participants from 21 Francophone countries to attend the 69th IFLA General Conference. These countries are the following: Algeria, Belgium, Benin, Burkina Faso, Burundi, Canada-Quebec, Congo (DR), Chad, Côte d'Ivoire, Egypt, France, Gabon, Guinea, Lebanon, Mali, Morocco, Mauritania, Senegal, Togo, Tunisia and Viet Nam.

Many of these fellows are participating for the first time at the IFLA conference. In order to help them be integrated into the conference and benefit fully from all events, the CFI and INTIF organized a special practical information session for Francophone newcomers on Sunday 2 August and set up a strategy to ensure them follow up and aid during the whole conference. The CFI and INTIF

also ensure daily the translation of IFLA Express into French for the Francophone community.

For the first time, the two institutions will be organizing a special session for orientation and information sharing and exchange for all Francophone officers of IFLA on **Wednesday, 6 August** at 13.00 in the Theodor Restaurant located at Theodor Heuss Platz.

In general, it is a wonderful opportunity that both Institutions give every year to Francophone countries to attend this international forum in order to make contacts, to finalize or to develop projects and exchange mutual experiences with colleagues from different horizons on the current developments in the library and information sector.

We are very grateful to both institutions and thank them for support and continual availability.

The award will be presented during the IFLA conference at a reception on **Wednesday evening, 6 August**. The Gale Global Grant recognizes each year a library that develops innovative programs to address the electronic information gap in its own and in the global community. The Library of Foreign Literature will receive a library of Gale and K.G. Saur reference products along with two years of online access to selected Gale reference products including a premier collection of more than 3,500 full-text journals.

□ Thank You, BII !

On behalf of myself and the rest of the **Bibliothek und Information International (BII)** grantees, I would like to convey our sincere gratitude to the BII for offering us this great opportunity to come to the IFLA conference – for the first time for all of us, I believe. I have managed to attend very interesting and professionally rewarding sessions on such topics as management and marketing, mobile libraries (I am sure you have heard about the donkey-driven mobile library in Matabeleland in Zimbabwe), regional meetings on Africa, Asia and Oceania and Latin America and the Caribbean, the Newcomers' Session, the UNESCO Open Forum and the exciting opening of the exhibition. As the conference goes on, I believe most of the newcomers will gain a lot which will help them professionally and socially as we network.

A special thank you to Irini Courzakis and Ulrike Lang.

Macberth Donal Ndlovu (Zimbabwe),
BII grant recipient.

□ ***Reception for Grant Recipients***

Library and Information International, which is the unit within the Federal Union of German Library Associations (Bundesvereinigung Deutscher Bibliotheksverbände – BDB) is responsible for organizing personal exchanges and information exchange on the international level in librarianship and information, held a reception on Sunday afternoon for its grant recipients from 31 countries. Most of the grantees come from developing countries and are newcomers to IFLA. They showed a great deal of enthusiasm as they reported their impressions of the first days at the World Congress for Libraries and Information.

This meeting served to provide the grantees with the opportunity to make first acquaintances and also gave them tips for organizing their stay in Berlin. Numerous photographs were taken to help the grantees remember the event – and which will most certainly also provide the background for reports about the IFLA Conference in the grantees' home countries.

□ **Internet Access Discussed**

The opening IFLA/FAIFE PhD roundtable discussion session on Monday was a great success with 12 participants from all around the world. The session was a lively debate between interested professionals concerning barriers to accessing information on the Internet and enabled those present to get an idea of how issues such as filtering and the Digital Divide are affecting libraries on every continent. If you missed the first session there will be another one on **Wednesday, 6 August** at 14.00 in Salon 20. Arrive early, as places are limited!

□ **Exhibition Area H**

You still have not yet visited the exhibition area H (Hall 2) upstairs?

We welcome you warmly!

□ **Winner of the T-Shirt Drawing**

The winner of the drawing for a T-shirt for the IFLA-Newcomer is Katy Ginanni from EBSCO Information Services. Kelly Moore, Membership Manager of IFLA, drew the winning name. The T-shirt can be picked up at the IFLA Secretariat Office, room 36.
