RSCAO: Priority Activities for 2010-2011

At its meeting at the 2010 WLIC in Gothenburg, the RSCAO identified three priority activities for the section aimed at supporting the implementation of the IFLA Strategic Plan for 2010 to 2015. Because of the large geographic area and the diversity of countries in the Asia and Oceania region, the members of the RSCAO agreed to forming six sub-regional committees (West Asia, Northwest Asia, South Asia, East Asia, Southeast Asia, and Oceania) to optimise functionality in order to achieve target outcomes for the section. Though these sub-regional committees are informal units, a coordinator has been identified for each to act as a conduit for communication between its members and the RSCAO Chair.

The RSCAO's three priority activities are outlined in the table below which demonstrates the relationship of each priority activity to the Strategic Direction, relevant Goals and Priority Activities in the IFLA Strategic Plan for 2010-2015.

RSCAO Priority Activity	IFLA Strategic Direction	Relevant goals	Priority Activities
