Working Group 4 / Multipart Structures
Glossary

- Suggested new Arabic equivalents for some terms.
- Need for more explanation for the term “Manifestation” in English.
Working Group 4 / Multipart Structures

Recommendations

- Making individual bibliographic records for individual works within multipart structures with collective title should be addressed by future cataloging rules.

Other Recommendations

- Work with IFLA, Regional and National Institutions to motivate Arab publishers to work with libraries in each country to help with Bibliographic Control.
- Work with System Vendors to implement these principles in future ILS.
