The [Satellite Meeting](#), a collaboration with the Croatian Library Association ([Hrvatsko Knjižničarsko Društvo](#)), [National and University Library in Zagreb](#) and [Zagreb City Libraries](#) presents a forum to discuss and share ideas about the impact of the digital world on our current and future skills sets. The theme of the conference is *Librarians and information professionals as (pro)motors of change: immersing, including and initiating digital transformation for smart societies*.

This Satellite Meeting represents a wonderful professional development opportunity for library and information professionals in Croatia and across neighbouring countries. International participants are also welcome to participate.
