Quorum will be reached if the number of National and International Association members present or represented by proxy is 50% +1 of the total number of National and International Association members who have paid their fees for the current year. It is therefore especially important for representatives of National and International Association members to obtain their voting slips. You will receive, upon presenting your voting form, an envelope with a white quorum slip together with the voting instructions and coloured voting slips (see also point 4).

## General Assembly 2016, Columbus, Ohio, United States of America

### Agenda item 10 - Motions and Resolutions

- 10.1 Motion to approve the holding of the next General Assembly in August 2017 (Art. 8 of the Statutes refers)

#### **MOTIVATION:**

The legislation of the Netherlands, as stated in the Dutch Civil Code, Part 2, Sections 48 and 49, requires that the Governing Board must submit an annual report and annual financial statements to the General Assembly within six months of the end of the financial year, unless the General Assembly has extended this period. The period may be extended on account of special circumstances for no more than five months. This is reflected in Article 8.2 of the amended Statutes.

IFLA's financial year ends on 31 December, and its General Assembly (formerly Council) meets during the Congress, normally in August, more than six months later. The General Assembly must therefore authorize the Governing Board to present the annual report and financial statements at the next Congress. IFLA's lawyers advise that this authorization has to be given every year. A blanket authorization is not permissible.

#### **Motion:**

to authorize the Governing Board to convene the General Assembly to coincide with the next IFLA World Library and Information Congress which shall take place in August 2017. In the case of an unavoidable delay the General Assembly may be convened at a later date, but no later than 30 November 2017.

- 10.2 Motion on the setting of Membership Fees 2017-2019

#### **Background**

Every three years Council (now General Assembly) had been called upon to approve the membership fees. In 2006, Council resolved to give power to the Governing Board to increase the IFLA membership fees in all categories by the percentage of the official retail price inflation, as recorded by the Netherlands government, since the time of the last increase of membership fees. This came into effect in 2007 for the fees from 2008. In the same resolution it was also stated that the Council would maintain its right to continue to approve the IFLA membership rates for all categories at intervals of no more than three years.

In 2016 the General Assembly is asked to again approve a motion, for the years 2017, 2018, 2019.

The annual increase percentage for membership fees is calculated on the average consumer price index percentage (retail price inflation) in the Netherlands in the period July – June. The new rates for the following year are then adjusted with this percentage and approved by Governing Board at its August or December meeting. In 2010, in recognition of the impact of the World Economic Downturn on the average consumer price index percentage, the General Assembly resolved to build in a minimum level for the increase percentage so as to ensure financial sustainability for IFLA. At the General Assembly the Governing Board will advise the Assembly of the average retail price inflation average in the Netherlands since the time of the last increase and recommend a percentage increase rate for the 2017 membership fees.

#### **Motion**

The Governing Board calls upon the General Assembly to vote on the following motion regarding annual membership fees for 2017, 2018 and 2019:

**“ The Governing Board proposes that the General Assembly empowers the Governing Board to increase the membership fees in all categories by the percentage of the official retail price inflation, as recorded by the Netherlands government, since the time of the last increase.**

**In a year where the average retail price increase is below 1.0 % the Governing Board may increase the membership fees in all categories up to 2.0 % in order to ensure financial sustainability.**

**The General Assembly will continue to approve the IFLA membership rates for all categories at intervals of no more than three years.”**
