

Call for PC Projects 2011

To: Officer (All Chairs and Secretaries of Sections)
CC: Professional Committee
From: Joanne Yeomans
Date: 3 October 2011
Subject: Call for PC Projects 2011

Dear Section Chairs,

The call for proposals for PC Projects is now open and the deadline for submitting applications to me at IFLA HQ is **31 October 2011**. If your section wishes to apply for Project Funds for 2012 please read the "Project Call 2011" document online at <http://www.ifla.org/en/professional-committee/projects> and use the application form included in the appendix of the pdf or the Word version (linked separately) that can be edited.

Please note that the proposal must be endorsed by the section's standing committee and the application form must be sent to me by the Section Chair, though it may be filled in by someone else (for example, the project supervisor). Please also keep your Division Chair well informed as they will have to present the proposal to the Professional Committee in December.

To give you an idea of the scale of Project Funds, there are a total of 18 projects ongoing in 2011; some sections have more than one project in progress. The allocated funds are on average around 2000 to 3000 euros. I will in the next few weeks be posting onto the website the brief descriptions of projects that were approved for 2011.

Please also forward this information to the Chairs of any Special Interest Groups (SIGs) that are sponsored by your section as they will need to apply through you.

I look forward to receiving your proposals!
Best regards, Joanne

Joanne Yeomans
