Countries (for partnership) Preferred: Any country interested in becoming our sister

library.

Reasons for wanting a Sister Library relationship:

We are looking forward to cooperation with libraries from different countries. We would like to share experiences, knowledge and ideas, and to learn about different cultures.

Working with children is creative and inspiring, and we are trying to offer a lot of programs for our members. Connecting with libraries and children from other countries would be great experience for our library and, of course, for children from our little town.
