Every year we print

• it is finished about 2nd April - International Children’s Book Day,
• the national concluding performance by the TV emission on the Slovene First National TV programme is at the end of May.
Children have to solve at least one part of the quiz (about one famous person) – they can solve all five parts, of course!

and visit at least one museum (the memorial house, gallery etc.)
• the Quiz is prepared by Centre for the Children’s Literature and Librarianship,
• organized by all 58 main public libraries in collaboration with elementary schools,
• children solve the Quiz in the school (school subjects), in the school or public library, in museums etc.,
• the action is concluded in every main public library (some children are awarded)
• the national concluding performance is organized by Centre for the Children’s Literature and Librarianship (some children are awarded by one-week holidays at the sea-side or in the mountains; they are decided by lots).
