Mission statement

The library of 100 talents is a place where children ...

- Have access to an extensive media collection of different materialtypes
- Participate in developing and organising activities
- Put the best material on show and make them accessible
- Can prepare their school work and assignments and present them
- Have a perfect place to study or chill out; together or alone
- Search for information in varying ways, together with professionals from the world of science, technology and culture
- Exchange experiences and inform each other
- Must be, to know what goes on in Heerhugowaard and surroundings
- Can carry out surprising activities with artists, technicians, scientists etc.
- Can inspire each other in the ‘secret house’
- Come back over and over again
Make books & films & document what you think & do!
Welcome to my library!
