20. Upcoming projects – apply for money
The section and SIG each submitted applications.
Tess submitted a proposal on the Manifesto and one for translations, Loriene submitted the proposal for the IFLA SIG. None of the proposals were funded. However, IFLA has found other funding to develop the toolkit for the Manifesto (see # 13 in minutes). Also, IFLA will fund and has requested the Manifesto to be translated into Chinese and Arabic which would mean the manifesto would be available in all official IFLA and UNESCO languages. These will be put on the website when they become available. IFLA will also put the English version to be put into the IFLA house style so that it can be printed nicely.

We must have the list of the funded proposals before the meeting in Helsinki so we can assess strategies on submitting more fundable proposals in fall 2012.
