

The News Media Section in partnership with the Preservation and Conservation Regional Centre for Southern Africa presented a digitisation and digital preservation workshop at the University of Nairobi from 14-16 February 2017. Topics covered include selection of materials, digitisation standards, workflow, quality assurance, preservation considerations, digitisation tools and hands-on activities. The workshop was facilitated by Frederick Zarndt (IFLA Board member and Chair of IFLA Division II) and Yves Maurer (member of the News Media Standing Committee) and attended by 32 participants.
