6. **Review of Action Plan 2017-2018** (as below) Attached
7. **OBJECTIVE 1:** *Support the sector through the sharing of best practice*
 - a) **Undertake a review of IFLA Public Library Service Guidelines.**
PLS has been successful in obtaining 7000 euro for two years (14,000) to develop the Public Library Service Guidelines. This includes the use of consultants to work with the working party/Standing committee.

The new Guidelines must point to the future of libraries and not what we are doing now and must address some items which are missing from the last edition. These were identified as:

- I. Breadth and depth of technology
- II. Streamlining of services

- III. How to plan for the future
- IV. Staffing
- V. Sustainability
- VI. Evaluation of projects
- VII. Adhering to legislation
- VIII. Freedom of speech
- IX. Change

It was agreed that it was important to have good examples from the whole world but there was a feeling that there needs to be fewer than in the current document and that perhaps case studies would be preferable. Having the Guidelines online allows for the updating of these.

Corinne will develop a scoping document and send it to the working party (**Corinne, Montse, Raymond, Jane, Hitomi, Pirkko, Adriana and Jan**). From this we will do a call for EOI to undertake the project.

MetLib will also be invited to partner with us on this project. It was also suggested to cooperate with FAIFE

- b) **Undertake a review IFLA/UNESCO Public Library Manifesto 1994 for relevance**
A working party was established to work on this project **comprising Sarah, Lo, Ismena, Margret and Anette**. Stephen Wyber will be the IFLA HQ contact. **Jan** will set up a Basecamp Working Area.
 - c) **Deliver the annual Public Library of the Year Award in partnership with the sponsor (Systematic) and other IFLA Professional Groups**
Nominations for the Public Library of the Year Award are now open, closing on 15 May. All members are invited to share the information within their networks in addition to the general promotion being undertaken by the working party and Systematic. IFLA's MetLib and Buildings and Equipment Sections have agreed to partner with PLS on this project and have nominated members to be part of the judging panel. The panel will meet virtually in May/June to assess the applications.
 - d) **Public Library Response to Draft Childrens Service Guidelines**
Thank you to Margaret Allen and her staff who pulled together the response from the PLS.
8. **OBJECTIVE 2** *Monitor, record and share initiatives that support equitable access to information and knowledge*
- a. Best Practice Examples – Workshop with SC Members and Guests

It was agreed that we should honour this commitment. Following discussions with these sections and MetLib Rome is proposed as the venue for the satellite. Jan to notify M&M

Following discussions with MetLib and Libraries Serving People with Print Disabilities who are also holding mid-term meetings in Finland in 2019 it was decided to work towards a united program.
