10. Programs for IFLA 2014 in Lyon:

Jan Richards spoke about the 2014 Public Libraries Satellite to be held in Birmingham 12-14 August 2014. CILIP has agreed to partner with the Section on this together with the Society of Chief Librarians, the CILIP Public and Mobiles Section. Program suggestions were:

- Community space
- Community engagement
- New buildings and the inclusion of digital
- Library space in the future/ remaining a physical space/remaining relevant
- The importance of libraries in rebuilding a community
- Library as an economic driver.

It was agreed to investigate a joint session with the Management and Marketing Section at Lyon 2014. A meeting with representatives from both sections will be held on Thursday prior to the closing ceremony. PLSC will be represented by Marion, Jan and Anette. The Management and Marketing Section rotate each year between the two topics for their session. In 2014 the focus will be on management, with a potential topic ‘Less with Less’. Science & Technology and Continuing Professional Development have also expressed interest in working with want to work with Public Libraries on the 2014 Program.

11. Strategic Planning:

Marion Morgan Bindon invited members to describe one or two major issues facing public libraries in their country at present:

Leikny Indergaard (Norway)
- challenges around literature and reading as being pressing. In particular she spoke about the creation of ‘Literature Houses’ which were not located in libraries.

Pirrko Lindberg (Finland)
- financial issues facing the community caused by redundancies and the flow on effect to libraries.
- young people are using libraries more but reading less.

Angels Migueles (Spain)
- financial crisis, cutbacks in collections, staff, ability to purchase e-resources

Annie Dourlent (France)
- Lifelong learning

Josephine Siegrist (Switzerland)
- Integrating ‘e’ into
- renewal building programs public libraries

Corrine Hill (USA)
- GIG City
- Flexibility of staff structure
- Design phase of library next to a graveyard
Hitomi Takeuchi (Japan)

- Public libraries have budget reviews potentially leading to privatisation

12. The Chair also asked everyone, especially new members, to post regularly to the blog—at least monthly. Please subscribe to the blog and do not worry about which language you post in as they are all accepted.

13. The Chair asked committee members how they felt about Mid-Term Meetings. Is this something we want to do via Skype as this meeting is really important and a good way to work together. Do we want to mix the meeting with some in attendance and some via Skype? Malmö, Sweden offered to host as it is easy to get there via Copenhagen. It was suggested that we meet in late February 2014 for three days in Sweden.

14. PLS Project involvement

- The Chair asked for an update on the Caterpillar Project in Ghana. The project is alive and well after three years with mobile libraries in six areas.

- Return on Investment and Economic Impact. IFLA’s deadline for project requests is October 2013. They are interested in innovation and projects that are practical.

- Standards Working Party: IFLA Standards and Guidelines are not consistent. A report is due back December 2013 and they are essentially creating a manual. Our representative on this committee (JR) is also our Division on the Standards Committee.

- There was nothing to report regarding BMG Foundation and Preservation and Conservation.

- JR will present an update on the ‘What does a Public Library Mean in words’ project at the mid-term meeting in February.

15. A “Hosts Directory” brochure was handed out. It includes a list of professionals who will house you while you travel overseas.
