A ticket is valid for one day from validation, and can be used in the entire TCL network (buses, tramways, funiculars, metros). Transfers and return travel are authorized.

The only animals allowed on the TCL network are guide dogs for the blind and small animals carried in baskets.

During peak traffic hours, the metros run every two minutes on lines A and D, every three minutes on line B, and every five minutes on line C and the funiculars. We advise you not to run on the platforms, not to force the doors of the cars, and to let the passengers get off before you climb onboard. Inside, don't stay in front of the doors; instead, make use of all available space in order to facilitate passenger movement.

CATERING AT THE CONGRESS

There are various catering outlets at the Congress venue providing a variety of food and refreshments.

FOOD AND DRINK

The reputation of Lyon for fine cuisine was established centuries ago. Today it is maintained by several hundred chefs.

The Lyon region contains the greatest number of "starred" chefs whose names are known all over the world: Paul Bocuse, JP Lacombe, Guy Lassausaie, Pierre Orsi, Gérard Vignat, Mathieu Viannay...

Lyon's one thousand-plus restaurants range from internationally renowned restaurants to the simplest "bouchon".

From Beaujolais and Burgundy in the north, Coteaux du Lyonnais in the west and Côtes du Rhône in the south, many of France's finest vineyards begin at the gates of Lyon. A good excuse for discovering areas that each have their own character and flavors.

For more information visit: <http://www.en.lyon-france.com/Eat>

CLIMATE

Lyon is classed as borderline oceanic and humid subtropical (Koppen Cfb/Cfa). Winters are colder than much of the south of France due to its more inland position, averaging 3.2 °C (37.8 °F) in January. Summers are very warm, averaging just above 22 °C/71.6 °F) in August. Precipitation is an average 62 millimeters in August.
