GUIDANCE NOTES FOR SHELL SCHEME RISK ASSESSMENT

How to complete your Risk Assessment Form

All Risk Assessments should be a careful and studied examination of your activities ensuring that your build-up, the open period and breakdown are achieved safely and nothing occurs which could cause harm to any person.

The following guidelines will assist you to make a basic Risk Assessment of your activities. If you are building a large or complicated stand, or are involved in unusual activities during the exhibition, you may need to seek the assistance of a qualified Health and Safety Adjudicator.

Note 1
A hazard is anything that has the potential to cause harm, i.e., a workman falling from a ladder, dropping tools, moving large and heavy loads, etc.

Note 2
In this section you must include everyone who could be injured as a result of such activities, i.e., the workman, other people working on the stand, other exhibitors, porters moving furniture, visitors, etc.

Note 3
Your own assessment of the risks. A risk is the likelihood of harm arising from a hazard. Use the columns to judge the risk and tick the appropriate boxes. If both ticks are in the top boxes then you should not pursue the activity (it is too dangerous) and should seek an alternative way of completing the task. If both ticks are in the centre boxes you will need to implement some form of control. If both ticks are in the bottom boxes then it is unlikely that you will need to implement additional controls.

Note 4
You must record the steps you have taken to ensure nothing dangerous occurs. Your entry may read something like ‘Use of trained and qualified staff only, rope and post area to restrict area, ensure staff trained in manual handling, etc.’ (these examples are guidelines only).

Note 5
You carry some legal responsibility for any person working for you and acts or omissions. You must ensure that any contractors you use are competent and will work in a safe manner. This you may do through requesting copies of their Health & Safety policy. If they cannot supply such documentation you would be wise not to use them. Details of such checks should be entered in this box.
**SPACE ONLY RISK ASSESSMENT**

As an exhibitor you have a legal requirement to assess risks appertaining to your participation in any exhibition. This form must be completed, even if you class your stand as low risk.

This form is intended as guidance only and completion does not absolve you from your legal responsibilities or transfer them to the IFLA Congress 2009 Ltd.

**Please read Guidance Notes overleaf before completing and returning this form.**

(BLOCK CAPS)

Continue listing tasks and hazards on additional sheets, but remember that they should only be the most significant areas of risk that will be present on site, during build up, open and break down times.

Please return this form to Congrex UK Ltd by Friday, 03 July 2009
Fax No. +44 (0) 141 331 0234 or email to ifla2009@congrex.com
The five steps for undertaking a Space Only Risk Assessment are:

An example Risk Assessment (RA) is included overleaf for your reference. A RA can be very simple or involved depending on the complexity of the exhibition it covers. The Law states that any RA must be 'suitable and sufficient' and 'should identify the significant risks arising out of work'; therefore, do not list unlikely hazards, only those which may reasonably be expected to cause harm.

**Step 1: Consider the hazards:** From the tasks you know that are to be undertaken (the Exhibitor can identify these from their Contractors’ Method Statement) list the hazards.

Ask yourself some difficult questions. Ignoring any significant hazard in the hope that nothing will happen will often result in an accident. If all significant hazards have been addressed, then you have done everything that is reasonably practicable – it may not be possible to think of every eventuality, but you must be able to show that you have considered and taken action to eliminate or reduce the most likely hazards.

Ask yourself what plant, equipment and materials will be used? What substances being used fall under the COSHH laws? Are datasheets available? How much noise and dust will there be? Will there be vehicle movements and lifting? What fumes will there be? Are the exhibits or displays dangerous? Are there sufficient toilet facilities for the expected number of visitors? Is there electricity present? Is alcohol available on site? Is there work being carried out overhead height? Is the weather or time an important factor? What hazards does the immediate environment pose – deep water, uneven floors, for example. Have you cash at the show or valuable items?

Ask your staff and Contractors for their observations, as they will usually have spotted things that are not immediately obvious.

**Step 2: Decide who could be harmed and how:** Who will be affected by the hazards identified by Step 1. Consider your employees, exhibitors and contractors, the visitors themselves. Will the general public or office staff from the venue be walking through the area? What about the disabled, or lone workers? After the show shuts for the day, can children, the young and inexperienced or vandals gain access?

Safe working depends on co-operation and communication between firms on site, so take this into account and consider necessary precautions on every aspect of the work being carried out, which include training and the provision of information.

**Step 3: Evaluate the risks:** Once you have considered the first two steps adequately, you can then decide on the appropriate action.

Ask yourself:
- a) Can the hazard be eliminated completely?
- b) If the risk cannot be totally removed, can it be reduced by being done in a different way?
- c) What protective measures be taken that will protect the entire workforce on site by isolating the hazard?
- d) What measures can you put in place to control the hazard? Can a safe system of work be established?

Personal Protective Equipment (PPE): Protective clothing such as hard hats, ear defenders, etc.) should only be the last step to take and are rarely the only solution. For example, it is far better to schedule overhead work for early access whilst there are no people about in the venue, or at least suitably cordon off the area below, erect signage and ensure that the riggers on the floor use the appropriate PPE. Riggers working at height should wear the appropriate PPE.

**Step 4: Record the findings:** If you have risks present, then write down the findings in your Risk Assessment. Communicate the information to those people identified in Step 2, and record what measures you have taken to control those risks.

**Step 5: Review your findings:** This allows you to learn by experience and take account of any unusual conditions or changes that occur – or occurred on site.

Shortly after the show, ask yourself some hard-hitting questions: Were the control measures you implemented effective? How many accidents or near misses occurred? Have your contractors brought new plant and equipment since the last Risk Assessment? Have you taken on new or young and inexperienced staff, appointed new contractors or sold space to new exhibitors? Has the venue changed?

Establishing what went wrong and what went right will help in managing your show all the more effectively next time.

**Notes**

The form overleaf is included as an example of the way a Risk Assessment can be set out and the information recorded.

**A SIGNIFICANT RISK** can be defined as a hazard that will more than likely cause harm or injury.

**A SAFE SYSTEM OF WORK** can be defined as ‘The integration of personnel, articles and substances in a suitable environment and workplace to produce and maintain an acceptable standard of safety.’
All exhibiting stand personnel and contractors will require Access Passes in order to gain access through the Milano Convention Centre gates and entry into Hall A. All Companies need to have FIERA MILANO CONGRESSI RED PASS for vehicle entrance.

An Access Pass voucher will be sent to you electronically, and will be included in the Joining Instructions email.

Please give the vouchers to your contractors for them to hand over to me on the exhibition build dates and in return I will provide them with a Contractor badge.

There is no charge for Access Passes.

**Estimated time to unload the vehicle**
(Please try to restrict this to 30 minutes)

**Registration Number**

**Size/Type of Vehicle**

If you are using more than one vehicle, please photocopy this form and complete one form per vehicle. Unloading times will be confirmed upon receipt of form.

**Note:** Drivers must accept the instructions of traffic controllers/security staff at all times.

**Important:** Forms must be returned by the specified date to be included in the vehicle schedule.
To hire one or more bar code readers, please complete this order form and return to Congrex UK Ltd as soon as possible. The deadline for receipt of orders is Friday 17 July 2009, after which delivery on site cannot be guaranteed. The data sent to you after the Congress will be sent via email and can be either in PC-CSV or PC Excel format. You will receive the name and demographic data that has been received by the secretariat.

It is vital that you enter ALL of the required information on both pages to hire the readers.

Disclaimer

In the event that your bar code reader becomes damaged or is lost, you will be liable for a charge. You are required to return your bar code reader each evening at the latest 30 minutes after the exhibition closes. Should you not meet this requirement, we cannot guarantee the battery life and data integrity in the bar code reader. Should any data be lost or corrupted for any other reason, you will be refunded the hire for the day of the incident.

In order to collect your reader(s) on site you will need to complete the information below.

Your credit card number will be held as a guarantee for the duration of the Congress and for one month following. If any readers suffer damage, are lost or are not returned this credit card will be charged. If all readers are returned in full working order, this credit card number will be destroyed.

Please sign below to state that you accept these conditions.

Preferred Hotel:  

All rates are per room and per night, including breakfast, service and taxes. Early reservation is highly recommended. Congrex Travel reserves the right to book you in another room if your preferred hotel is fully booked.

www.ifla.org
Additional Requirements / Information:

Reservation
For booking, please complete this hotel reservation form and return it to Congrex Travel not later than 15 May 2009. Requests will be accepted thereafter, however, hotel accommodation is subject to availability and cannot be guaranteed. After this deadline, bookings are only possible against full payment by credit card and an extra late reservation fee of EUR 30.00 will be charged.

Payment Policy
To guarantee your reservation a deposit of EUR €200.00 is required. Please include either a copy of your bank transfer to our account at the UBS AG, or provide a credit card that we shall debit. Upon receipt of the deposit, each participant will receive a final confirmation with an invoice. Full payment has to be made to Congrex Travel by 19 June 2009. Do not send any payment to the Hotel.

Please indicate form of payment for the deposit:

☐ Bank Transfer - any bank charges will be applied to the sender - to the account of Congrex Travel at UBS AG, IBAN Number CH62 0023 3233 5954 0061P, Swift code UBSWCHZH80A.

☐ Credit Card       ☐ VISA  ☐ Mastercard   ☐ CVV2 Code

Card Number:

Expiry Date:   /   (m / m)   (y / y)

Card Holder’s Name:

All room charges must be prepaid to Congrex Travel. However, when checking out, all extras (mini bar, telephone charges, room service, etc.) must be settled with the hotel directly.

Cancellation Policy
If your hotel reservation is cancelled on or before 19 June 2009, the deposit will be refunded less EUR €60.00 handling fee. If your reservation is cancelled after 19 June 2009 or if you arrive later or leave earlier than on the dates indicated on your reservation form, the total accommodation amount will be charged and no refunds can be made.

Any change of reservation will be subject to a handling fee of EUR €30.00. Changes or cancellations have to be made in writing to Congrex Travel, please contact us at ifla2009accom@congrex.com or fax +44 (0) 207 117 4298. Please do not contact the hotel directly.

Signature: ..........................................................  Date:   /   /   (d / d)   (m / m)   (y / y)

The participant acknowledges that he/she has no right to lodge damage claims against the organizers should the holding of the congress be hindered or prevented by unexpected political or economic events or generally by force majeure, or should the non-appearance of speakers or other reasons necessitate program changes. With reservation, the participant accepts this proviso.
Please arrange to receive, unload and position the following consignment to:

<table>
<thead>
<tr>
<th>Exhibitor name</th>
