The World Through Picture Books: 3rd edition Uploading your book selections - Information for Country Co-ordinators

Dear Colleagues

Once you have selected the picture books of your Country, you will need to upload them using the google forms. You will need to write an introduction (maximum 200 words) explaining how your country made its selection and who was involved. The introduction should be in the main language of your country and in English. Here is a link to the previous edition of the World Through Picture Books which will show you examples of reviews and country introductions; in case this is helpful when you write yours.

They will need to be in a jpeg format and 1,000 pixels minimum width. If you don't already have a google account, you will need to create a google account to do this.
